

Polished latches in AISI-316 stainless steel

Flap model for screwing

- Mounting using screws.
- Specific for gates and gates, not only made of stainless steel but also made of iron, offering greater resistance and durability than the iron lock.
- The usual classic embodied in stainless steel with excellent resistance to corrosion since we have AISI-316 stainless steel and in addition to an impeccable mirror polishing.
- Glossy and satin polished finishes.
- Made of stainless steel EN-1.440, AISI-316..
- Manufacturing dimensions in rods of Ø 8, 10, 12 and 16 mm.
- Standard lengths are 50, 70, 80, and 90 mm.
